Prom Promises Helped Keep Everyone Safe

Jerry Sparks
Senior Reporter

The 2012 JCHS Prom was held last Saturday night on the campus of ECU. Over two hundred safely attended the event! For the third year in a row the prom has been held in Richmond with no reported incidents. Everyone that bought a ticket arrived and made it home safe at the end of the night.

This was due in part to the annual Prom Promise that was held the day before the prom. Prom Promise is an event that educates the students with a real life mock demonstration of the dangers of drinking and driving. The students got to see what an automobile accidents looks, sounds and smells, like in the parking lot near the JCHS. All four fire departments (McKee, Pond Creek, Gray Hawk and Sand Gap) participated along with the Jackson County Ambulance Service, JC EMS, KY Emergency Mgt, JC Sheriff's Department and Court Security. JACKSON ENERGY ISSUES \$3.3 MILLION TO MEMBERS

Jackson Energy members will be receiving some extra spending money in the coming weeks. The electric cooperative will return \$3.3 million in capital credit refunds to its member owners.

"Only a cooperative makes every customer an owner of the business," says Jackson Energy President & CEO Don Schaefer. "Unlike other electric utilities, our co-op exists to provide our members with quality electric service, not to make a profit. Like any company, we work for our owners, and at Jackson Energy, that's our members."

As a member-owner, Jackson Energy's consumers are allocated capital credits when any funds are left over after the co-op pays

Fiscal Court Holds First Reading of 2012-2013 Budget

Jerry Sparks
Senior Reporter

The Jackson County Fiscal Court held their monthly meeting on Tuesday, April 24th, 2012. The main item on the agenda was the first reading of the proposed 2012-2013 annual budget. The court plans on meeting at the beginning of next month to finalize the budget after review. In other business, the court received and approved the only bid submitted for a road slip at Foxtown. King Crete submitted the bid and the project will cost approximately \$30,000 to complete.

The court heard an update on the scattered housing project made possible by the Community Block Development Grant. The project recently finished the first phase and the second phase is currently still on schedule.

Judy Schmitt reported to the court on the Flat Lick Falls project and they approved application for additional funding from the Department

Conservation District Distributes Tree Seedlings Submitted

The Jackson County Conservation District held its annual tree seedling give away on April 19th at the local office located at the USDA Service Center in McKee.

This year's seedling varieties were redbud, black walnut and red oaks. The Conservation District has found that redbuds are the most popular variety with local residents. Also flower and garden seeds are made available free of charge through the America the Beautiful program. Around 1,000 seedlings were distributed to local clientele who stopped by the office on Thursday to pick up their seedlings. There were 200 tree seedlings were distributed to local preschool program. Young and old alike acquired seedlings and seeds at the event.

Teachers who are interested in acquiring tree seedlings for their students should contact Brenda Truett at the Jackson County Con-

servation District at 606-287-4284.

The Conservation District places their tree order in the fall for the following spring seedling give away program. Therefore, teachers interested in receiving seedlings for their students should contact the Conservation District early in the fall.

KY Biennial Budget Grants County Over \$850,000

Jerry Sparks
Senior Reporter

In a press release from the Kentucky House Republican Caucus, Representative Marie Rader, R-McKee (89th District) and Senator Tom Jensen, R-London (21st District) announced on Tuesday, April 24th, 2012 that more than \$850,000 in funding has been designated for Jackson County in the recently passed 2012-14 budget for the Commonwealth of Kentucky.

"I'm pleased to have worked side-by-side with Senator Jensen to help secure funding for much needed projects in Jackson County," said Rep. Rader. "These funds will help provide clean drinking water to more areas of the county, and provide equipment upgrades to several of our local fire departments."

"Despite the tight budget situation we worked hard in Frankfort to provide funding for projects and programs in Jackson County," added Sen. Jensen. "It is a testament to the great working relationship Representative Rader and I have enjoyed for many years that helped us secure these funds in the next biennial budget."

Homeowners often make risky assumptions about whether or not they should get their utility lines marked, but every digging job requires a call – even small projects like planting trees and shrubs. The depth of utility lines varies and there may be multiple utility lines in a common area. Digging without calling can disrupt service to an entire neighborhood, harm you and those around you and potentially result in fines and repair costs. operating expenses, Schaefer adds. Usually these funds are paid to the estates of co-op members. When finances allow, a general refund of capital credits is paid by the cooperative. Jackson Energy’s board of directors recently voted to make a general refund of capital credits earned for calendar years 1981 through 1984. Members who purchased power from Jackson Energy during those years will receive a check, providing those funds have not already been paid to a member estate.

The refund will come as a separate check mailed to the member, and the amount will vary. The majority of the refunds will range from \$5 to \$100. More than 24,000 checks will be issued to members in 15 southeastern Kentucky counties. Checks will be mailed during the week of May 1.

General retirements of capital credits up through 1980 have been paid to members in earlier allocations. The last general refund was 2011.

Jackson Energy is a not-for-profit company which operates on seven cooperative business principles - voluntary and open membership, democratic member control, members’ economic participation, autonomy and independence, education, cooperation among cooperatives and concern for community.

“Our mission at Jackson Energy is simple - we are working for you, our owners,” Schaefer says, “and capital credit payments are an added benefit for electric cooperative members.”

Jackson Energy is a Touchstone Energy Cooperative serving over 51,000 consumers in Southeastern Kentucky.

\$850,000

From the front

The funding, which is from the coal severance fund, will be directed through the Jackson County Fiscal Court for a variety of projects, including:

- \$20,000 over the next two years for equipment and renovations at the Annville Fire Department. The funding is in addition to the \$197,000 secured by Rep. Rader and Sen. Jensen in the 2010-12 budget for on-going renovations.

- \$80,200 in FY 2012-13 for water lines in the Flat Lick area.
- \$50,000 in FY 2013-14 for water lines in the Terrill Creek area.
- \$100,000 in FY 2013-14 for construction of a storage building, entrance and/or walking trail at Flat Lick Park
- \$84, 157 in FY 2013-14 toward the Jackson County Veterans Park.

This is in addition to the \$97,324 secured by Rep. Rader and Sen. Jensen in FY 2011-12.

Overall Jackson County will receive \$852,464 in funding over the 2012-14 budget for these and other projects.

of Local Government and the Land and Water Conservation Fund for additional work to be performed at the area.

The court also reviewed the Jackson County Conservation District Annual Report and the plan for the upcoming year. Mitchell Ball (Director of Jackson County/McKee IDA) spoke to the court about the status of industry in the area. Most notably the court appreciated the promise and potential for growth represented by Phillips Diversified and Phoenix Products.

The court also heard from Jailer Bill Dunn who encouraged the development and use of the old jailhouse as a work release facility. This would promote the work release program in the county as well as free up some additional beds for the new detention center.

The next fiscal court meeting was scheduled for May 08th, 2012.

State Budget for Public Schools Still Tight Submitted

The State Biennial Budget for the upcoming two years will continue to challenge Kentucky’s public school district budgets for SY 2012-13 and SY 2013-14. All public school districts will have to continue to adjust for additional losses in both state and federal dollars. Hiren Desai, Associate Commissioner with the Kentucky Department of Education, stated in a state budget webinar on April 19, 2012 that the next couple of years will be tight.

Support Education Excellence in Kentucky (SEEK) funding is Kentucky’s primary source of funding for its public schools. Jackson County Public Schools depend heavily on State SEEK money. Jackson County Public Schools will experience a loss of about \$162,260 for the 2012-2013 school-year in net SEEK dollars.

Additionally, there will be a 4.5% cut in most state grants and all districts have been cautioned to prepare for a possible mid-year cut of 9.2% in federal monies.

In FY 2009-10 the net SEEK total for Jackson County Public Schools was \$11,790,130. For our next school year (2012-13) the net SEEK total is forecast to be \$10,845,554; a reduction of \$944,576 from the 2009-10 school year. Obviously, it’s a challenge to operate our schools today on nearly 8.0% LESS dollars in state funding than was received 3 years ago.

Despite the difficult situation with state and federal funding, Superintendent Mike Smith is confident that the actions taken to decrease expenses and increase local revenue have been sufficient to keep our budget safe.

Methods of Kentucky supports the event by flying their helicopter to the scene and staging a mock evacuation. Donnie Gabbard, Carlos Gabbard and Vernon Johnson helped secured the automobiles for the mock accident. This year the accident involved two cars and a tractor-trailer. Fire Department rescue workers demonstrated extraction techniques from the wreckage and the ambulance service treated those wounded in the mock accident.

JCHS seniors Neil Parret, Jordan Fox, Brianna Horn, Amber Caldwell, Josh Maggard, Angel Johnson, and Cody Morgan played the roles of drivers and passengers involved in the mock accident. Jessica Vansant played the role of a distraught mother that found her daughter dead at the scene. Lakes Funeral home also participated by sending a coroner and a hearse to pronounce death and remove the dead girl from the scene. After the mock accident was over, the participants were treated to lunch by the JCHS.

Each student was encouraged to sign a promise statement provided by Promise Neighborhood that proclaimed their commitment to an alcohol and drug free prom night because they care about their fellow students, their community, and themselves. They pledged not to drink/use drugs or get in the car with someone who has been drinking or using drugs because they want to live, laugh, and listen to great music and dance. That is just what they did on Saturday night! The evening of song and dance and good fun was capped when seniors Chris White and Shelby Coffey were crowned 2012 Prom King and Queen.

Sheriff’s Department Helped Keep Roads Safe on Prom Night

Jerry Sparks
Senior Reporter

On the night of the prom (April 21st, 2012) the Sheriff’s Department, in an effort to keep roads as safe as possible, set up a road check point at the Comprehensive Care Building in McKee from 11 pm – 2 am.

Sheriff Peyman was very impressed by the students coming back from prom. All had seatbelts on and were observed driving in a safe manner. There was only one arrest made at the checkpoint that night. It was a DUI and the subject was not a high school student.

The purpose of the checkpoint was not only to monitor the students but to make the roadway safe for them to travel.

The checkpoint was conducted by Sheriff Peyman, Deputy Sizemore, Deputy Eatherton, and court security officer Justin Davis.

Wayne Wiles, 20 years old of Waneta was taken to Berea College Hospital Friday night in a serious condition after he had been stabbed three times in the chest and abdomen with a hunting knife.

HAD NARROW ESCAPE

Mr. and Mrs. Wilbus Isaacs and son, Conley, had a narrow escape from death about 12:30 pm Sunday.

Mr. Isaacs stated they had been to Lexington to see their daughter who recently underwent surgery, and as they were returning on Clover Bottom just east of the Stone Crusher, some on shot at their car. The bullet hit the right fender about 18 inches from the headlight, hit the hood some inches further and hit the windshield shattering it.

Mr. Isaacs said they stopped and got out but could not see any one. It was presumed the shot was fired from the hillside. Had the shot been a little higher, it no doubt would have hit Conley who was driving, they said.

MARRIAGE LICENSE ISSUED

Jack Brockman, 18 to Anna Faye Ramsey, 20, Richmond, Ind issued April 22.

INDIAN CREEK NEWS

Mrs. Lizzie Lear has been sick the past week. Mr. and Mrs. George Humfleet of London were Sunday guests of her parents, Mr. and Mrs. Claud Baker. Mrs. Lillie Johnson is getting along fine since she returned home from the hospital. Quite a crowd from this place attended the funeral of Mrs. Letha Durham at Flat Top Wednesday afternoon. The bereaved have our deepest sympathy.

NOTICE TO FOXHUNTERS

NEW MOTORCYCLE LICENSE TEST

The Kentucky State Police Driver Testing Branch will begin using a new rider skills test for motorcycle operator's license applicants on May 1. Developed by the Motorcycle Safety Foundation (MSF), the new test is designed to better determine if operators possess sufficient safety skills for riding motorcycles in traffic. Updates regarding the new test have been made to the Kentucky Driver's Manual, which is available online at kentuckystatepolice.org under the Driver Testing Branch link. A video about the new test will be available at YouTube.com in the near future. MSF Director James G. Heideman, Ph.D. and Wayne Steele, of the Kentucky Motorcycle Program at EKU, were instrumental in instituting the new test in Kentucky.

GRIEF SUPPORT GROUP BEGINS SOON

Hospice Care Plus will host a six-session Grief Support Group Series beginning May 2. Each group session is open to the public and there is no charge to attend.

The Grief Support Series will take place each Wednesday from May 2 through June 6 from 6 – 7:30 p.m. at Trinity Church in Richmond, located just behind Pizza Hut on the bypass.

Nora Brasher, bereavement coordinator at Hospice Care Plus, says the series provides support and education by “sharing stories and learning from others how to cope with the loss of a loved one.”

Brashear also says the series offers a safe place to give voice to painful and difficult questions, such as “why me?” Participants, she says, are able to find their own answers to these kinds of questions “amidst the caring support of others who are on a similar journey.” Talking, however, is optional.

“Privacy is always respected,” says Brashear. “You don’t have to talk if you don’t want to.” To learn more about the Grief Support Group Series, contact Hospice Care Plus at 859-986-1500, 800-806-5492, or hospice@hospicecp.org.

Hospice Care Plus is a non-profit organization serving Estill, Jackson, Lee, Madison, Owsley and Rockcastle counties. Services include hospice care, palliative care, bereavement support, and hospice inpatient care at the Hospice Care Plus Compassionate Care Center. Visit www.hospicecp.org for more information.

FAITH & FAMILY

Let's go to the Hop!

Bring the whole family and have fun while helping others! You are invited to join the family and friends of Joe Hunkler at a "fantastic" fundraising event called a "Sock Hop". Don't know what that is? A Sock Hop is a 1950's style dance event, but with no shoes nor bare feet allowed on the dance floor...Socks Only! We will have this hoppin' good time at the Lord's Gym in McKee on May 12th from 6 to 9 PM to help meet the financial needs of a cancer fighting family. Dress the part if you'd like. Bring your Hula Hoop and enter the contest. Have lots of fun as we go back in time! Donations of any amount accepted at the door. Food and Drinks will be available for purchase with the proceeds donated to the cause.

TRUE VINE

INSPIRATIONAL THOUGHTS INTO GOD'S WORD

Author: Lynetta Hunter truevinebook.com

Acts 15:13-35, Epistle of James - Part 2 of 3

Self-justification is one of the most common attributes of human beings. It is a strong personality of our sin nature. God doesn't let us go through temptations to lead us to sin, but rather to strengthen our faith. The novice converts may have felt that they wouldn't be in these trials if not for having to leave the comfort of their home to seek shelter elsewhere from Christian persecution. Apostle James cleared up, what could have become a blamable matter, from the beginning; God tests our faith, not our flesh. It's not our flesh that has to be strong; it's our faith in the power of Jesus Christ. Selfish reasons and mortal fear are often the reasons we end up in an unpleasant trial.

It was an early time of Christianity and the gospel hadn't extended to the full degree, so they were greatly surrounded by the conflicts of unmanageable wealth, accepted pagan idols, and tolerable sin; they would learn the power to abstain from it had to come through the indwelling Holy Spirit. Apostle James taught them that the best gifts in life are spiritual and come from God. There was strife, anger, and clashes among them concerning diverse issues, possibly because of contrasts between Jews and Gentiles, or rich and poor. He taught them that instead of spending time being angry, arguing over petty stuff, and being selfish and envious concerning their knowledge of Christian duty, that it would be better for them to spend their useless time doing something useful for God. Things such as: taking care of the widows and fatherless, helping those in need, separating their selves from the evil of the world, and sharing the gospel that has saved their souls from eternal damnation.

It's easy to get caught up in fame and fortune and forget the darkness Jesus pulled us out of. We, through our sin nature, tend to conform to those who lift us up above others; but in all honesty, we will feel greater peace and acceptance from humble people, who are rich in faith. Apostle James reminded them of how the wealthy folks, during this time, loved to display their self-godly authority by dragging down and oppressing others. He knew they were liable to fall into this devilish lifestyle, drifting away from the love of God they had been reborn into. The Christian Jews went through extreme temptations during this early stage of Christianity; however, it was necessary they become spiritually mature, being complete with the peace of God.

"A Simple Man"

Margaret Faye Hensley

Part 29

Time passes so quickly when you are having fun, as the old saying goes. Clarence was enjoying the evening so much that he decided to order dessert at the restaurant. He knew for a fact, that the desserts were homemade and very good. He always made a point to compliment the cook, so that she would know how he appreciated her efforts. Then he began to tell Jake and Liza Jane about the time he and his older brother Will had been playing in some huge trees that lined the dirt road that lead up the holler to their family home. He and Will had tricked their father, the traveling salesman, and had almost gotten themselves shot! Will and Clarence were proud of their tree-climbing skills and often timed themselves to see just how fast they could skinny up the tallest trees on the road. The two brothers would challenge any boys they encountered, to see who was the fastest at climbing trees. The Callahan boys remained undefeated until they left for high school and lived away from home. Children created their own fun and games back in the mountains. The competition was a motivation to get really good at something, and tree-climbing was one Clarence and Will's favorite activities.

One day right after school was let out, the brothers had packed a lunch and set out to explore for the day. Flora, their mommy, had told them to be careful and to return before dark, or they would miss out on supper that night! Will and Clarence knew their way around the woods like the backs of their hands. The boys started out right after breakfast with their lunches in a haversack that each boy carried. Will had a small compass that fit into the pocket of his pants. They rarely needed to use the compass, but they carried it on their outings, just in case something came up. They crossed over creeks by stepping on rocks; they caught minnows with their hands; they followed deer tracks, and looked for animals in every empty space. They spent hours exploring the woods. The two growing boys were never full it seemed, and they decided to eat their packed lunches, and take a rest. They had gone on the other side of the mountain, which they rarely had time to make the trek to explore that part of the woods. They found a large cliff to sit under while they ate. As they looked around, they saw initials carved into the overhang of the cliff. They found to their great surprise, that their father had carved his initials on the cliff and had dated it. They determined to ask him about it next time he came home. Their father wasn't originally from that county, so he must have carved it when he was an adult, they decided. So, after finishing off their food, they carved their initials and marked the date, right next to their daddy's name.

Local man involved in accident that shutdown I-75

A serious accident on I-75, in Rockcastle County, shutdown traffic for hours Friday morning, April 20th around mile marker 62 at approximately 4 am according to KSP.

Conley Thompson of Tyner was operating a white 2007 Volvo tractor trailer when he struck a 1999 Volkswagen Beetle, driven by 62-year-old Curtis Harris from Louisville.

Harris was taken to the local hospital and then air lifted to UK Medical Center for non life threatening injuries. Thompson was taken to the hospital where he was treated and later released.

State Police say drugs and alcohol are not suspected and both parties were wearing seat belts at the time of the crash.

Are you a practicing artist, craftsperson, musician, theater artist, storyteller, photographer, writer or dancer? Are you interested in performing, demonstrating or teaching your art form?

The Promise Neighborhood Management Board is developing a roster of local artists (from Owsley, Clay and Jackson Counties) who are interested in working in school or community settings to share their creative expertise with others.

A workshop for all interested artists will be held on May 30 from 10 AM to 3 PM (lunch provided) at the Jackson County Vocational Center in McKee. We will go over the benefits and requirements of the Promise Neighborhood Artist Roster Program, introduce the Kentucky Department of Education standards for arts education, establish a team-teaching mentorship between local artists and veteran teaching artists from the Kentucky Arts Council Teaching Directory and assist interested participants to complete the application process for affiliation with the Kentucky Arts Council. If you would like to register for the workshop or just want more information, please contact Judy Sizemore at 606-364-5831 or 606-493-7052 or e-mail her at circuit@prtcnet.org.

Spring Football Scrimmage Provided a Peek at 2012 Generals Squad

Jerry Sparks
Senior Reporter

The new football team and their new head coach played a spring Blue vs White scrimmage game on the home football field last Friday night. Generals Head Football Coach Russ Shearer reported that he was very pleased at how his players have adapted to certain changes. “The little things like listening, being disciplined, and not turning the ball over will help us be a better team. We really need to improve as a defense and on things like tackling and pursuing the ball. I will accept that responsibility because we did not practice that a lot this spring. We really have to come back in July in shape and with knowledge of our playbook.”

Coach Shearer was impressed with the group overall and a couple of individuals really stepped up. “Tyler Bailey had 3 catches for around 80 yards and a 2 touchdown. Ben Bays showed a lot of toughness running and making throws under pressure. Matt Benard ran the ball hard and played both sides of the ball pretty well. Matt Robinson gave great effort and adjusted to our new offense well ahead of schedule.”

“We still have a lot of kids in the county who should be playing but are not. However, the newcomers that I feel did well on Friday night were Leon Asher, Travis Fox, and Tyler Bailey. Other new players such as Dakota Fomar contributed heavily as well and as they learn the game we will have added depth that we may have never had in this program,” reported Coach Shearer.

On the defense side of scrimmage Tanner Johnson and Brad Collins had great games from the defensive end spots. “Our defensive tackles really need to work on getting in shape and playing every play with intensity but have a ton of potential. Our Linebacking core will be really solid when we get where we do not have to move half of them to play Running Back. Our Defensive backs will also be solid. We have a couple of big contributors who are playing baseball and will help in the secondary. Preston Young will help as a freshman and Travis Fox will make plays from the cornerback position as well as Matt Robinson staying solid as a corner,” said Coach Shearer.

“We moved the ball really well considering that we had a few guys playing out of position and everyone was playing both offense and defense,” Shearer said.

All eyes were on Coach Shearer as he talked to the team prior to last weeks scrimmage.

Lady Generals Win Silver at Lady Colonels Classic

Jerry Sparks
Senior Reporter

Last weekend the JCHS Lady Generals played in the Lady Colonels Classic at Whitley County. The Lady Generals won 3 of the 5 games they played in the tournament. The first game was against Middlesboro. The Lady Generals fell short due to poor hitting by a final score of 0-11. The second game of the classic found the Lady generals matched against Jellico, Tennessee. The Lady Generals still wasn't hitting the ball very well but pulled off the win (5-3).

Saturday morning provided some motivation for the Lady Generals. They played last year's State Runners Up (Simon –Kenton) and had an early lead on them. The Lady Generals really played well and stayed with them the whole game until the 5 inning losing 13-3. To play a team like that and remain competitive right to end was a psychological boost for the Lady Generals.

With that loss it dropped the Lady Generals to the Silver Tournament where they met a talented Harlan Independent team. They pulled off the victory in extra innings by a final score of 7-6. This win put them in the championship game against Williamsburg. The Lady generals jumped out to a 6-0 lead early and held on to win the Silver Championship (after a little run by the Lady Jackets in the 4th inning) by a final score of 8-5. Congratulations to the Lady Generals on your Silver Tournament Championship!

The Lady Generals upcoming schedule is as follows:

Apr 24, 12	Pineville	away	5:30 PM
Apr 25, 12	Berea	home	6:00 PM
Apr 26, 12	Oneida Baptist Institute	away	5:00 PM
Apr 27, 12	Whitley County	away	6:00 PM
Apr 30, 12	Lee County	home	5:30 PM
May 3, 12	Williamsburg	home	6:00 PM

Generals Welcome New Head Coach Kip Wells to the Team

Jerry Sparks
Senior Reporter

The JCHS Generals baseball squad welcomed a new coach to the team on Friday night. Coach Kip Wells will take the spot vacated by the resignation of Coach Brent Gay. Coach Gay resigned earlier due to health concerns and Assistant Coach Joey Neeley filled in during the interim. The team played South Laurel last Friday night losing by a score of 1-11 (The same score for the jv game). The Generals then traveled to Berea last Monday night. They played a good game but suffered a disappointing loss by a score of 8-9 in the bottom of the seventh inning. Adam Duncan and Austin Gray both hit home runs during the game. Duncan hammered a 3-run homer and Austin Gray slugged a grand slam. Generals new coach Kip Wells is still getting to know the team and they are getting to know him. The upcoming schedule for the Generals is as follows:

Lady Colonels on a 7 Game Winning Streak

Jerry Sparks
Senior Reporter

The JCMS Lady Colonels are on a 7-game winning streak. They are only ½ game behind Clay County for the lead position in their conference. The team recent wins include victories over Clay County, East Bernstadt, Barbourville, and Middlesboro. Their conference record on the season is 10-3. “We have really started to play well. The team is hitting the ball very well and I think we are getting better every game,” said Coach Strong. Their next games will be against Corbin on Thursday and then a grueling road trip on Saturday when they play Cumberland before traveling to play again at Harlan.

“...the best benefit of this program is that it literally cut our electric use in half!”

Rita Chrisman was so impressed with the impact her Jackson Energy Prepay Meter had on her energy bill that she sat down and wrote a letter!

In her letter, Rita explains that previously her winter electric bills would run above \$500, but with the new **Prepay Meter**, bills dropped to just above \$200...who wouldn't be excited with savings like that! She does such a great job of explaining how it works that we have posted her letter on our **MyJacksonEnergy.com** website for all members to read.

Thanks for sharing, Rita! Because of your experience we're sure many others will check out this energy-saving service!

(bottom photo)

We would like to thank each adult who made it possible for each one of these players to attend camp. We would also like to thank the following adult workers: Kelvin Bingham, Melony Vickers, James Moore, Brandon Moore, Kevin Bowling Roy Whitehead, Joey Bales, Adam Hoskins, Hunter Carroll, Doug Sester, Melissa Parrett, Matthew Vickers, Jessica ward, Ronald Fox, Nathan Adkins, Derek Thomas, Brian Miller, Kristen Miller, Louis lakes, Todd Rose and Dewey Cunnigan.

The high school boys basketball players also helped with the camp. We feel this is a great experience for our high school players. It allows them to see basketball from a Coach's perspective. It also allows them to form a bond with the younger fan base. These young athletes really look up to the high school players. It is a great time for them to get to know each high school player better.

The main focus of this camp was to improve offensive fundamental skills and agility of each camper. Hopefully each camper picked up a few drills that they can work on at home. Repetition of perfect fundamentals will make better players down the road as these young athletes move through our program.

Each school also held some individual competitions: Winners were:

Deadline to apply for a Kentucky elk hunt is April 30

The deadline to apply for Kentucky's hunt of a lifetime is fast approaching.

Hunters have until midnight (Eastern time) April 30 to apply for a Kentucky elk hunt. The quota hunt drawing for an elk permit is open to residents and non-residents.

Last year, 93 percent of bull elk hunters using a firearm were successful. Even when using more challenging archery equipment, 68 percent of hunters took their bull. Thirty-seven percent of cow elk archery hunters were successful in 2011, but the success rate climbed to 73 percent for cow elk hunters using a firearm.

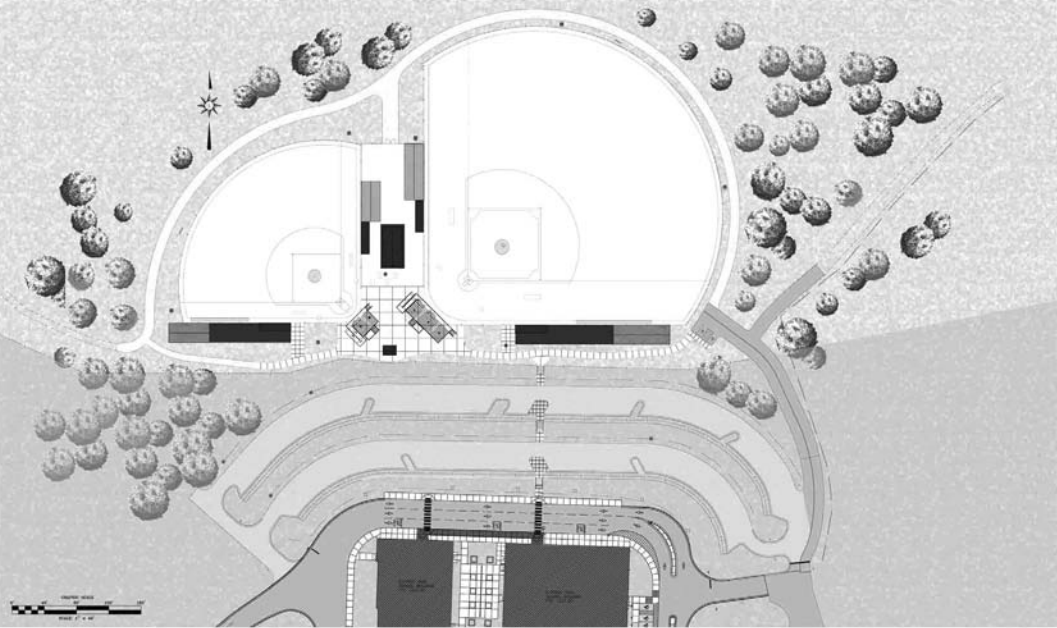

Kentucky has more elk than all the states east of the Mississippi River combined. Hunters can select from among four different elk permits: Firearms bull, archery bull, firearms cow elk or archery cow elk. While hunters may apply for two different permits, they can only be drawn for one of those permits. Each application costs \$10.

Kentucky Fish and Wildlife will issue 135 permits to hunt a bull with a firearm through the general quota hunt this season. The department will issue 90 bull archery permits, 265 cow elk archery permits and 410 cow elk gun permits. A separate youth-only drawing will allow five young hunters to take a bull or a cow.

Hunters may only apply online. Visit the Kentucky Fish and Wildlife website at fw.ky.gov for more information and to apply.

DATE CHANGED

There will be a meeting on May 1st 7 pm at Opal's for the Struttin' Gobblers NWT Chapter everyone welcome. If interested in becoming an officer or planning for the 2012 banquet for the local National Wild Turkey Federation chapter please call 606-438-7145 for more information on the upcoming meeting.

Courtney Creech
GLITZ & GLAM

Miss Courtney sure put on a show this past weekend! Wowing the crowd and taking Overall Titles out of 38 other beautiful contestants. Courtney has worked hard and is making quite the impression in this new world of pageantry. She has taken all high supreme titles since entering this new world. Courtney has only competed in three glitz pageants and says she loves them. Courtney love's dressing up and performing in front of an audience, and that she did! Courtney received the full effects of glitz having a stray tan, wearing a flipper, wearing hair extensions, getting a manicure and not the mention the glitzy wow wear outfits. Courtney is no stranger to performing on stage and was so excited, having her eye on the big crown. Courtney went on stage with a mission in mind and having fun in the process. Courtney walked away crowned; Mega Grand Supreme Winner, Cover Model Supreme, which featured her glitz photo on the front of the program book. She also won Overall Most Outstanding Supreme, and the Ambassador Award. She also walked away with a large Cash Prize in hand. Her side awards included Most Beautiful, Most Photogenic, Best OOC Wear, and she won Best Ad Page which featured her ad on the back of the program book. "Glam Girl Magazine" was present and presented Miss Courtney the opportunity to be featured in the May 2012 addition. Courtney said, she had so much fun and can't wait till the next pageant! She enjoyed dressing up, winning the big crown and trophy; making new friends, and swimming in the hotel swimming pool. Courtney will be traveling this summer to many more pageants and representing her great home county. We wish her the best of luck in present and future adventures. Courtney would like to thank everyone that made it possible for her to get started. A special thanks to her Mammaw and papaw and to Jerry and Donna Bowling.

Congrats Courtney... Mommy, Daddy, and Sissy Aleaha Love you!

Both Hands Foundation to help locals

On Saturday, April 28, 2012, Jeff and Christi (Spurlock) Cole, along with a team of volunteers, will work on the home of Virgie Lakes, who lives in Annville.

Virgie's husband, Jack, passed away in 1998. Her children currently handle the home maintenance, landscaping, and repairs, but on April 28, the Cole Both Hands team will spend a day painting, staining, and landscaping for Mrs. Lakes as part of a project through Both Hands Foundation.

Volunteers on this project will not only be blessing Virgie by painting her home and doing some landscaping, but they will also be raising funds to offset the costs for the Cole's adoption of a child from South Korea. Volunteers are sponsored for a day of labor much in the same way that a 5k marathon runner or golfer raises sponsorship funds for a local charity.

Both Hands Foundation is 501(c)3 non-profit organization that was founded in 2008. The Nashville-based foundation has a two-fold mission of serving widows in a very practical way in local communities nationwide, while raising funds to help willing families adopt through a partnership with Lifesong for Orphans.

Each project starts with an adoptive family. The family recruits a team of friends to work on a widow's house. In advance of doing light repairs, painting, de-cluttering, cleaning, and landscaping, team members ask family members and friends to sponsor them for the day while they work on the house. All sponsorship funds raised goes to help offset the high cost of adoption. None of the funds raised cover administrative costs of Both Hands, as that is done through private donors.

To date, Both Hands has raised over \$1,400,000, helped 148 widows, affected 169 orphans, enabled over 3800 people to serve a widow in need in their community, and completed over 135 projects just like this one.

Supplies for this project have been generously donated by Gray Hawk Building Supply.

The Coles began their adoption journey in November 2011 and expect the adoption to be finalized by the end of 2013.

For any friends and family who would like to make donations, those can be made online through the Both Hands Foundation website at <http://bothhandsfoundation.org/jeff-and-christi-cole.aspx>

Trust For Life Organ and Tissue Donation Registry

By Frances Click,
TFL Liaison

What is the Kentucky Circuit Court Clerks' Trust For Life?

- In 1992, the Circuit Clerks of Kentucky recognized a tragedy. 18 people die every day waiting for an organ transplant, yet Kentuckians were not aware of their ability to save them.
- The Association of Circuit Court Clerks supported legislation through the Kentucky General Assembly that allows every person obtaining a Kentucky driver's license or state ID an opportunity to donate \$1.00 to promote awareness about organ donation in Kentucky. These \$1 donations are put into a Trust - the Circuit Court Clerks' Trust For Life.
- The Trust For Life is a 501C(3) non-profit organization that is dedicated to educating the state, dispelling myths and raising awareness about this crucial need.

What is the need?

- More than 800 children and adults in Kentucky are waiting for a life-saving transplant.
- Over 113,000 people in the United States are on the waiting list.
- 18 people die every day awaiting an organ transplant.
- Every 14 minutes, someone is added to the waiting list.
- In 2010, approximately 22,000 successful organ transplants were performed. It is estimated that twice as many could have been performed if more people donated organs.

What can be donated?

- | | | |
|-----------------------|---------------|--------------|
| *heart | *lungs | *kidneys |
| *liver | *pancreas | *small bowel |
| *corneas / whole eyes | *heart valves | *vessels |
| *tendons | *bone | *skin |

What is the Kentucky Organ Donor Registry?

- It is a confidential and secure record of people who, if they can, want to help others after their death.
- Everyone can join the Kentucky Organ Donor Registry to save lives - regardless of age or medical history. Ability to actually donate organs is determined at declaration of brain death.

What are some myths?

- They won't try to save me. **FACT: The ER doctors are trying every way they know how to save your life. They do not know that you are on the Registry.
- I can't afford to be a donor. **FACT: There is absolutely no cost to your family when you are declared a potential donor.
- I'm too sick, worn out and old. **FACT: The oldest donor to date in KY was 84. Everyone is a possible candidate to save someone's life or give sight.

How does someone join Kentucky's Organ Donor Registry?

- The "orange donor dot" or signing your license are not the best ways to state your wishes to help others through donation. Place your name on the computer Registry to make your wishes known.

- Say YES at your Circuit Court Clerk's Office or go online www.donatelifeky.org. It's easy, free and will only take a minute, but the worth is priceless.

If you are on the waiting list, a recipient or a donor family member: would you share your story to encourage others? Trust For Life is hoping to have at least one story published from each of the 120 Kentucky counties. If so, please contact Frances Click or Shelley Heavrin Snyder at (866)945-5433.

Community Collaboration for Children NATIONAL CHILD ABUSE PREVENTION

Today's children are Kentucky's future leaders, parents and workers. Our state's further prosperity depends on their healthy development and growth. With the support of engaged communities and nurturing families, all of Kentucky's children can thrive and have the opportunity to grow into caring, contributing and healthy adults. Community Collaboration for Children reminds Kentuckians that helping our communities and families create healthy, nurturing environments for children is one of the best investments Kentucky can make.

Preventing child abuse and neglect will take all of our efforts - from policy-makers to parents - to ensure our children have the foundation to become tomorrow's leaders. Community Collaboration for Children provides prevention based in-home services to the community

Together we act as **educators** working to heighten public awareness of the need for caring communities to promote healthy child development and what Kentuckians can do for our next generation; **partners** organizing concerned citizens and groups to join forces and leverage resources to prevent child maltreatment; **catalysts** advocating for important programs and policies that help communities support parents and help parents raise healthy children; and **trainers** providing professionals and volunteers with the essential skills and knowledge to help parents and communities prevent child abuse and neglect.

Together with the support of Kentucky citizens, professionals and decision-makers, we are working to ensure Kentucky's youngest citizens grow up in nurturing homes and responsive communities. For more information, contact Community Collaboration for Children, P. O. Box 568, Corbin, KY 40702 or phone 606-526-6303.

This project is funded, in part, under a contract with the Cabinet for Health and Family Services through Community Collaboration for Children using state funds allocated by the Kentucky General Assembly.
